Naktuinbouw Elite

Naktuinbouw declares that

**Florensis in Zwijndrecht (The Netherlands)
location 'Hendrik-Ido-Ambacht' (The Netherlands)**

meets the requirements and conditions which apply to Naktuinbouw Elite Ornamental Crops. Based on this declaration the quality mark Naktuinbouw Elite may be used.

Application area:

Production and marketing of vegetatively propagated bedding plants class SEE.

This authorization is granted 26 May 2004.

This certificate numbered N105 is valid from 1 December 2015 and expires on the date set by the 'participation agreement for Naktuinbouw Elite collective trademark'.

Every year at least one audit will be carried out by Naktuinbouw to determine if the company still meets the requirements and conditions.

A current list of crops, to which the application area apply, and the expiring date of the agreement are insightful at Naktuinbouw.
